“ Karen was always fun to visit with and I loved talking to her about her gardens and redecorating her home. She was a very special lady and will be missed by many.

“ We'll always think of Karen with fond memories. Loved her sense of humor, her laugh, and her awesome "do it yourself" talent; especially her awesome ginger bread houses, her beautiful flower gardens, and her remodeling projects. She loved her family and spoke of them often. Our deepest sympathy during this sad time. Hugs and prayers. Larry and Alison Smeltzer
